**Re: Operable Unit 3 Institutional Control Implementation and Assurance Plan:
Revision 2.0
Anniston PCB Site (Docket No. 1:02-cv-749-KOB)
Anniston, Alabama**

Dear Ms. Langston Scully:

On behalf of Solutia Inc. and Pharmacia LLC (collectively, P/S), as parties to the Consent Decree (CD) (Docket No. 1:02-cv-0749-KOB), please find enclosed Revision 2.0 of the *Operable Unit 3 Institutional Control Implementation and Assurance Plan* (OU-3 ICIAP) for the Anniston PCB Site. This OU-3 ICIAP was prepared in accordance with the CD and its associated Statement of Work, which required P/S to implement a remedial design (RD)/remedial action (RA) for OU-3 in accordance with the Interim Record of Decision (IROD), dated September 29, 2011.

The enclosed ICIAP represents a revised and final version of the draft OU-3 ICIAP that was initially submitted to EPA in August 2013 as Appendix C to the OU-3 Remedial Design Work Plan. The enclosed OU-3 ICIAP incorporates an Environmental Covenant as an Institutional Control (IC) that was executed by P/S and the Alabama Department of Environmental Management (ADEM).

Please do not hesitate to contact me at 256-231-8404 with any questions or comments that you may have regarding this submittal.

Sincerely,

E. Gayle Macolly
Manager, Remedial Projects
Solutia, Inc.
